How to calculate Wild card mask?

255.255.255.255

- Subnet mask

---

=wild card mask

Example 1:

255.255.255.255

- 255.255.255.252

---

0.0.0.3

Example 2:

255.255.255.255

- 255.255.0.0

---

0.0.255.255

Example 3

255.255.255.255

- 255.0.0.0

---

0.255.255.255
